Product Description:

What better way to promote your business to your loyal customers than making sure your logo is seen while sipping their morning coffee? Start the morning off right with these Traditional Ceramic Coffee Mugs. This custom mug is made of smooth molded ceramic composite with a glossy color exterior matched with its color interior perfect for your promotional giveaways.

Classic Design

Designed with C-curved handle for easy comfort grip, this 11 oz. ceramic mug makes the perfect customized gift for your family or business.

Variety of Colors

With over 10 colors to choose from, you'll surely find the color that compliments your logo/design best.

Budget-Friendly

Very affordable and you'll surely stay under budget with our 11oz traditional ceramic mugs.

Customized coffee mugs are among the best and most popular promotional giveaways for company events, as well as for fund raisers, tradeshow, and more. Send us your artwork or you may also design our custom Traditional Ceramic Coffee Mugs by using our Design Lab. Place your order today to get 110% price match guarantee. John Gardner

Thanks for getting these to me so quickly. The customer service rep that I was VERY helpful. The mugs were a hit. We gave them out at a Senior Center that was at.

Aleksandra

Awesome!!! Very happy that I ordered from this website. Fast shipping. Great!

Denise Wilhite Thomas

A rocky start with the order, however, it ended well with exactly what I ordered. Black Prosperity Matters will be ordering more.

Sophie Starns

cups look perfect!!

Meredith

Overall I'm satisfied with my purchase.

*If you do not receive your purchase on a guaranteed delivery date, we will give you a full refund of rush fees.
Please note that monitor settings, color settings, and lighting may cause shifts in product colors shown on website.
If you have questions or concerns about the exact product color, please contact our sales dept at 1-844-740-2423.
Free Shipping applies to select items & does not apply to 1 piece or sample orders.

Michelle Carter, LA City Planner
200 North Spring Street, Room 763
Los Angeles, CA 90012
michelle.carter@lacity.org

RE: Case # _____

Dear Michelle Carter, LA City Planner,

The South Robertson Neighborhoods Council (SORO NC) General Board supports the proposed on-site sale of liquor by Ocean Café/Bar in an 850/sf location at 1517-1521 S. Robertson Blvd.

Last month our Land Use Committee unanimously voted to support the project. We agree and support the application.

Yours, on behalf of the South Robertson Neighborhoods Council General Board,

Michael Lynn
President

Motion to Send a Letter to CD 5 to request the extension of the bike lanes on Doheny to Pico

Agenda Item: GB122123-16
Date: Dec 21, 2023
Proposed By: Transportation Committee
Include motion in Consent Agenda? YES

Background

During the pandemic, LA DOT began a [Slow Streets project](#) to add slow speed notices and bollards in local neighborhoods that requested it to attempt to slow traffic. At the end of the prior fiscal year as their funding was about to be returned to the City, LA DOT made some of these changes permanent, including in SORO, specifically between Gutherie and Pickford on Preuss, Shenandoah, and Wooster.

This was done without the explicit consent of the SORO NC or neighborhood. After it was done, the Transportation Committee reached out and surveyed the affected blocks to get their feedback on the proposal. The survey showed that the vast majority of the respondents—over 80% of those reached—approved of the changes.

In addition to supporting the current implementation that is already complete, the Transportation Committee believes that the SORO NC should support any other blocks that wish to adopt the Slow Streets program if the City chooses to expand it.

Letter to CD 5 to support initiating a bike lane extension on Doheny from Whitworth to Pico, to connect to the BH bike lane project. This would not take away any parking spaces or driving lane.

In recent months, Beverly Hills installed [bike lanes on Doheny Drive](#) from Burton Way down to Whitworth Drive, at the Los Angeles border. This leaves one block—Whitworth Drive to Pico Blvd—without a bike lane. The Doheny Drive bike lane is an unprotected bike lane.

Adding bike lanes on Doheny Drive from Pico Blvd to Whitworth Drive would complete an extensive bicycle corridor, connecting the heavily trafficked Pico Boulevard via bike all the way to Burton Way, which is also a major bicycle corridor. This should not require removing parking or driving lanes.

Office of Councilmember Katy Yaroslavsky
6380 Wilshire Boulevard, Suite 800
Los Angeles, CA 90048

Dear Councilmember Yaroslavsky,

We, the South Robertson Neighborhoods Council, would like to encourage the City to install an unprotected bike lane on Doheny Blvd from Whitworth Drive to Pico Blvd, connecting Pico to the already existing Beverly Hills bicycle lanes on Doheny.

We believe this can be done without removing parking or driving lanes, and it would provide a safer, faster route for bicyclists traveling from Pico to many parts of Beverly Hills, including the Burton Way bicycle lanes, a major bicycle thoroughfare.

Sincerely,

Michael Lynn
President

Motion to Send a Letter to LADOT, LA Metro, and Street Services to provide time for NCs to alert constituents of and provide input on projects

Agenda Item: GB122123-17
Date: Dec 21, 2023
Proposed By: Transportation Committee
Include motion in Consent Agenda? YES

Background

On several occasions, the City, LA DOT, and Metro have implemented projects that affect SORO stakeholders with minimal to no input from SORO NC. One example of this is the protected bike lanes on Venice east of National, where they were installed without any discussion with the NC or neighborhood. Relatedly, on a regular basis, many smaller projects, such as road resurfacing, is done without alerting the NC or neighborhoods ahead of time that streets will be closed.

This has led to the feeling among some stakeholders that the City and City agencies do not care about the neighborhood’s stakeholder’s opinions. It also has meant that the NC was unable to alert stakeholders of projects affecting their lives.

Proposed Motion

I. That the SORO NC write a letter to request LA DOT, Metro, and Street Services provide input on the project, such as protected bike lanes, bus lanes and routes, and car lane expansion, as well as notification of all projects in the immediate future, such as resurfacing or street repairs, so the NC can notify stakeholders.

Considerations

Committee review: <i>(highly recommended)</i>	Votes For: 4	Against: 0
Amount previously allocated in Committee's working budget: <i>(applies to funding motions only)</i>	\$ N/A

Los Angeles Department of Transportation
100 S Main St
Los Angeles CA 90012

Los Angeles County Metropolitan Transportation Authority
1 Gateway Plaza
Los Angeles, CA 90012 United States

Los Angeles Bureau of Street Services
1149 South Broadway, 4th floor
Los Angeles, CA 90015

Dear Los Angeles Department of Transportation, Los Angeles County Metropolitan Transportation Authority, and Los Angeles Bureau of Street Services,

We, the South Robertson Neighborhoods Council, would like to request that your agencies solicit input and feedback from Los Angeles Neighborhood Councils when your significant projects that will affect their neighborhoods, such as protected bike lanes, bus lanes and routes, and car lane expansion. This will allow the Neighborhood Councils to gather input and feedback from the stakeholders in the neighborhood and provide it back to the agencies.

Moreover, we request that the agencies also alert Neighborhood Councils of smaller projects that will affect their neighborhood in the immediate future, such as resurfacing or street repairs, so that the Neighborhood Councils can notify stakeholders.

We believe that by partnering together, the Neighborhood Councils have the potential to provide valuable feedback on agency projects as well as to socialize their benefits and projects. We look forward to future cooperation and work together.

Sincerely,

Michael Lynn
President

Cal. Gov. Code § 54953.8

Section 54953.8 - Teleconferences; neighborhood councils

(a)

(1) An eligible legislative body may use teleconferencing without complying with paragraph (3) of subdivision (b) of Section 54953 if the eligible legislative body complies with paragraphs (2) to (4), inclusive.

(2) An eligible legislative body may only use teleconferencing as described in this section after all the following have occurred:

(A) The city council for a city described in subdivision (c) considers whether to adopt a resolution to authorize eligible legislative bodies to use teleconferencing as described in paragraph (1) at an open and regular meeting.

(B) If the city council adopts a resolution described in subparagraph (A), an eligible legislative body may elect to use teleconferencing pursuant to this section if two-thirds of the eligible legislative body votes to do so. The eligible legislative body shall notify the city council if it elects to use teleconferencing pursuant to this section and its justification for doing so.

(C) Upon receiving notification from a legislative body as described in subparagraph (B), the city council may adopt a resolution to prohibit the eligible legislative body from using teleconferencing pursuant to this section.

(3) After completing the requirements in paragraph (2), an eligible legislative body that holds a meeting pursuant to this subdivision shall do all of the following:

(A) In each instance in which notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the eligible legislative body shall also give notice of the means by which members of the public may access the meeting and offer public comment. The agenda shall identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option.

(B) In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the eligible legislative body's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the eligible legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1.

(C) The eligible legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the

legislative body and offer comment in real time.

(D) Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate.

(E)

(i) An eligible legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to subparagraph (D), to provide public comment until that timed public comment period has elapsed.

(ii) An eligible legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to subparagraph (D), or otherwise be recognized for the purpose of providing public comment.

(iii) An eligible legislative body that provides a timed general public comment period that does not correspond to a specific agenda item shall not close the public comment period or the opportunity to register, pursuant to subparagraph (D), until the timed general public comment period has elapsed.

(F) At least a quorum of the members of the eligible legislative body shall participate from locations within the boundaries of the city in which the eligible legislative body is established.

(G) At least once per year, at least a quorum of the members of the eligible legislative body shall participate in person from a singular physical location that is open to the public and within the boundaries of the eligible legislative body.

(4) An eligible legislative body that holds a meeting pursuant to this subdivision shall do the following, as applicable:

(A) If the meeting is during regular business hours of the offices of the city council member that represents the area that includes the eligible legislative body, the eligible legislative body shall provide a publicly accessible physical location from which the public may attend or comment, which shall be the offices of the city council member who represents the area where the eligible legislative body is located, unless the eligible legislative body identifies an alternative location.

(B) If the meeting is outside regular business hours, the eligible legislative body shall make reasonable efforts to accommodate any member of the public that requests an accommodation to participate in the meeting. For the purposes of this subparagraph, "accommodation" means providing a publicly accessible physical location for the

member of the public to participate from, providing access to technology necessary to participate in the meeting, or identifying locations or resources available that could provide the member of the public with an opportunity to participate in the meeting.

(b) The legislative body shall comply with all other requirements of Section 54953.

(c) As used in this section, "eligible legislative body" means a neighborhood council that is an advisory body with the purpose to promote more citizen participation in government and make government more responsive to local needs that is established pursuant to the charter of a city with a population of more than 3,000,000 people that is subject to this chapter.

(d) This section shall remain in effect only until January 1, 2026, and as of that date is repealed.

michelle.carter@lacity.org

RE: Case # _____

Dear Michelle Carter, LA City Planner,

The South Robertson Neighborhoods Council (SORO NC) General Board supports the proposed demolition of a single story, former bank building located at 9080 W. Pico Blvd. to construct a two-story building to be used for religious education purposes and as a house of worship with a 16 space subterranean garage.

Last month the Owner's representative presented the proposed project to our Land Use Committee and they unanimously voted to support the project. We agree with to support the developer's proposed project.

We look forward to a smooth construction process and the additional space for religious education and worship that the development will provide to the neighborhood.

Yours, on behalf of the South Robertson Neighborhoods Council General Board.

Michael Lynn
President

RE: Case # CPC-2023-6115

Dear Michelle Carter, LA City Planner,

The South Robertson Neighborhoods Council (SORO NC) General Board supports the proposed demolition of two single family residences located at 1904 Preuss Rd. and 1906 Preuss Rd., and the construction of 12 single family dwellings with 3 bedrooms each to provide increased housing in the area.

Last month the Owner's representative presented the proposed project to our Land Use Committee and they voted 4-2 to support the demolition and construction of the new housing development. We agree with to support the developer's proposed project.

We look forward to a smooth construction process and the increased single family residences that the development will provide.

Yours, on behalf of the South Robertson Neighborhoods Council General Board,

Michael Lynn
President

Los Angeles Department of Transportation
100 S Main St
Los Angeles CA 90012

Dear Councilmember Hutt, Councilmember Yaroslavsky, and the Los Angeles Department of Transportation,

We, the South Robertson Neighborhoods Council, would like to express our support for the already-completed installation of the Slow Streets program between Gutherie and Pickford on Preuss, Shenandoah, and Wooster. After the installation, the Neighborhood Council performed a survey of the affected streets and determined that the stakeholders support the installation.

Furthermore, we support any blocks in the South Robertson Neighborhoods that wish to adopt Slow Streets in the future. We likewise encourage the city to reinstate and expand the Slow Streets program to allow such blocks to request installations where appropriate.

Sincerely,

Michael Lynn
President

Motion to support a modified version of WRAC's Parking Space Replacement Request

Agenda Item: GB122123-22
Date: Dec 21, 2023
Proposed By: Transportation Committee
Include motion in Consent Agenda? NO

Background

The LA City Council adopted the motion in [Council File 23-0360](#) which removes the requirement to backfill parking spaces when property is transferred to the Housing Department in order to build affordable and supportive housing, in an effort to reduce the cost of building such housing.

WRAC drafted a proposed motion called [Parking Space Replacement Policy Request](#) that requests that the city instead require replacement parking to be constructed, with the number of spaces required on a sliding scale based on, "...prior utilization, as well as the availability of nearby public parking, rather than never requiring any replacement."

The committee was concerned that the new developments may affect the future use and need for parking, so "prior utilization" is not a sensible number, and parking requirements should be based on estimated future use.

Proposed Motion

I. That the SORO NC support a modified version of WRAC's Parking Space Replacement Request, where "prior utilization" is replaced with "future utilization."

Considerations

Committee review: Votes For: 3 Against: 1
(highly recommended)

Amount previously allocated in Committee's working budget: \$ N/A
(applies to funding motions only)

Arguments for:
Maintains parking space levels in neighborhoods

Arguments against:
Adds to cost of development of affordable housing, potentially reducing the number of affordable housing units constructed

Parking Space Replacement Policy Request

Parking Space Replacement Policy Request

[Privacy](#) - [Terms](#)

Proposed by Barbara Broide/WRAC MTC on July 17, 2023

Passage deadline: January 2024

Passed by

- Bel Air-Beverly Crest Neighborhood Council
- Brentwood Community Council
- Neighborhood Council of Westchester/Playa
- Venice Neighborhood Council
- Westside Neighborhood Council
- Westwood Neighborhood Council

Motion

Refers to City Council file [23-0360](#)

The _____ CC/NC, a member of the Westside Regional Alliance of Councils, is concerned about the passage of CF 23-0360, which nullifies Sections 22.482(a) and 22.602 of the Administrative Code and changes the parking space replacement policy when LADOT parking facilities with spaces greater than 25 are transferred to the Housing Department for redevelopment as affordable or supportive housing.

_____ CC/NC is sensitive to how difficult it can be to develop affordable and supportive housing in Los Angeles. We recognize there is a shortage of affordable and supportive housing and believe that Los Angeles would benefit from making it easier to build such housing.

Until now, when LADOT-managed parking facilities have been redeveloped, all the parking spaces had to be replaced, increasing the cost of the development. With the passage of CF 23-0360, the spaces will no longer be required to be replaced.

However, we believe that the needs of small businesses, including the need for parking for their customers, have not been adequately considered with the nullification of Administrative Code

Sections 22.482(a) and 22.602 and establishment of the new parking space replacement policy.

Therefore, we respectfully request that Councilmembers representing WRAC member councils who are also members of the City Council Transportation Committee – Councilmembers Park, Yaroslavsky, Raman and/or Hutt – bring a motion in Los Angeles City Council forthwith to further amend the Administrative Code to include concessions for small businesses by replacing the new parking space development footprint. The City should determine how much parking to replace by using a sliding scale for parking replacement based on prior utilization, as well as the availability of nearby public parking, rather than never requiring any replacement.
