Motion for support of a Ten Unit Small Lot Sub-division 9218 – 9228 West National Blvd., Los Angeles 90034.

Agenda Item: GB071615-4
Date: July 16, 2015
Proposed By: Terrence Gomes

Background

WCH Communities is proposing a ten unit small lot sub-division at 9218 – 9228 West National Blvd., Los Angeles 90034. Each unit will be three stories, have one compact and one full-size parking space. The project will have two guest parking spaces for the use of all ten units.

The applicant is asking for the SORONC to support the SLSD at 9218 – 9228 West National Blvd., Los Angeles 90034. The applicant has modified the plans to incorporate design features that the LUED committee felt would enhance the project and complement the community.

Proposed Motion

I. The SORONC supports the application for the WCH Communities project of ten small lot sub-division homes at 9218 – 9228 West National Blvd., Los Angeles 90034.

Considerations

Committee review: (highly recommended)
Votes For: 5
Against: 0

Amount previously allocated in Committee’s working budget: $NA

Arguments for:

- Adds additional housing stock for the community.

Arguments against:

- Applicant was unable to articulate as to have this project will meet the 25% reduction in water usage mandated by the Governor.
- Adequate guest parking was not addressed.
- Will remove six affordable rental units that will not be replaced.

NOTE: These Drawings are for Conceptual and Schematic Planning purposes only. These drawings are intended to be used as a GUIDE of the APPROXIMATE existing conditions and dimensions — adjust on site conditions and dimensions if necessary. Also, the City of Los Angeles is in the process of implementing design guidelines for small to medium-sized buildings in the敏感区域 around the project site. These guidelines may have an impact on the site of the project ultimately allowed. The site shown here is subject to future planning and control, and may not take into account the guidelines previously mentioned. If the project is subject to approval based on the design guidelines, the project may be required to be PRODUCED in 8299 AS A.M. 3.1.19. According to the Building Code, any future guidelines that may be implemented or any restrictions that may be represented in these drawings.
Motion to support a placement of a cell tower at 2512 S Robertson Blvd. by Verizon

Agenda Item: GB071615-5
Date: July 16, 2015
Proposed By: Terrence Gomes

Background
The applicant is proposing a placement of a cell tower at 2512 S Robertson Blvd. The tower is needed to meet the demands of the service area with not only coverage, but also data demand. The tower will be 54 feet in height, located north of the building on the vacant lot. The equipment facility will be located on the east side of the property with access from the alley.

Proposed Motion
I. The SORONC supports the application for a cell tower placement at 2512 S Robertson BL Los Angeles, CA 90034 with the following conditions:

Motion to approve with conditions:
1. Posting of 24 hour emergency phone number to Verizon.
2. Verizon to respond to neighbors’ concerns within 24 hours and have a written record of all communications.
3. Install monoeucalyptus tower.
4. Request that the lease to be nullified if the property is sold or developed.

1. Description of what is being requested of this Committee that is not “By Right”: The applicant is requesting for two Density Bonus On-Menu Incentives for an additional story of height and 35% additional floor area.

2. Description of Project:
   (a.) Size of Property 11,057 sq. ft.
   (b.) Size of Proposed Building(s) 28,328 sq. ft.
   If the proposed building is larger than the “By Right” allowable size, please provide us with the following:
   (c) “By Right” allowable building size/area 22,225 sq. ft.
   (d) Additional area requested 6,103 sq. ft.
   (e) Rational for requesting the additional area: To off-set costs of providing affordable housing in accordance with pre-set standards of Density Bonus ordinance.
3. **Proposed Use of Property:** (include why if different from property zoning) ___________
   Construction of a 5-story residential building consisting of 19 units.

4. **Describe the Community Benefit from your proposed use of the property:** ___________
   The demolition of the existing under-performing residential buildings with a new
   well-designed building with a robust landscape program will enhance the
   neighborhood character and pedestrian experience.

5. **Parking Spaces:**
   (a) **Currently on Property:** 43
   (b) **Required by code:** 38 + 5 Guest
   Of which: (c) **the actual spaces:** 17 are standard spaces, 24 are compact
   spaces and 2 are handicap spaces 19 tandem spaces creating 38 stalls + 5 Guest

6. **Trash enclosure and loading dock:**
   Trash Enclosure [ ] Yes [ ] No, size _______
   Loading Dock [ ] Yes, [ ] No, size _______
   Additional notes: In subterranean parking within a dedicated room.

7. **Have you provided any additional amenities we should know about to offset**
   requested discretionary approvals affects on adjacent neighbors and/or the SORO
   community: There is a robust open space and landscape program, the design of the
   building features articulation that is more exaggerated than the majority of the
   buildings on the block and every effort was made to maximize parking efficiency to
   provide more than required.

8. **Outreach:** for discretionary approval, SORO requires, prior to this meeting, your
   notification of neighbors within a 500 foot radius of the project. You must also
   notify us of the results of sign-offs by neighbors within this 500 foot radius.

9. **Name and ID of all environmental or planning documents prepared to support**
   this project ____________________________

10. **Additional Comments:**
    The environmental that is being prepared by the Planning Department.
Motion to support an SB-1818 5-story, 20-unit apartment building over garage at 1220 S. Bedford St.

Agenda Item: GB071615-6
Date: July 16, 2015
Proposed By: Terrence Gomes

Background

The applicant is proposing a 5-story, 20-unit apartment building. The property is 12,794 sq. feet and the proposed building is 33,438 sq. feet.

The project is proposing 40 parking spaces and 43 are required by code.

All requests are per menu incentive:
1. FAR increase 35%
2. Height increase 35%

Proposed Motion

I. The SORONC supports the application for the 5-story, 20-unit apartment building located at 1220 S. Bedford St., Los Angeles, CA 90035

Considerations
