Motion for the SORO NC to write letter to the City to Request Trial Program to Expand LA Now shared-ride service into SORO boundaries

Agenda Item: GB042723-05
Date: April 27, 2023
Proposed By: Transportation
Include motion in Consent Agenda? Committee NO

Background

The [LA Now program](#) is a shared-ride pilot service run by LA DOT that provides an on-demand shuttle that, for a nominal fee, picks up transit riders within the boundaries of the program and will drop them off anywhere else within the boundaries of the program. It is intended as a “last mile” solution to help riders get from within their neighborhood to a major transit hub.

LA Now currently services an area spanning from Venice to the edge of the SORO boundaries, at Robertson and National. Because the program does not extend into the SORO boundaries, if a SORO resident or visitor requests a ride, even if they are one block outside the LA Now boundaries, they will not be picked up by the service.

SORO is accessible to several major transit hubs within its boundaries and on its edges. This includes the La Cienega transit corridor, and the Culver City and Palms stations of the Expo line. The addition of the Purple line extension nearby will increase these adjacent hubs.

A trial expansion into SORO would potentially provide more access to these transit hubs. Additionally, a trial expansion would allow the City to test if it is a sufficiently used service in SORO to justify the costs of running the service in SORO.

Proposed Motion

I. That the SORO NC write a letter to CD 10, CD 5, the Mayor, and the City Council Transit Committee to request funding for a trial expansion of the LA Now program into the SORO boundaries.

Dear Mayor Bass, Councilmember Hutt, Councilmember YARoslavsky, and the members of the City Council Transportation Committee,

We, the South Robertson Neighborhoods Council, request that the LA Now shared-ride pilot transit program receive funding for a trial expansion and potential permanent expansion into the South Robertson boundaries.

The LA Now program is a shared-ride pilot service run by LA DOT that provides an on-demand shuttle that, for a nominal fee, picks up transit riders within the boundaries of the program and will drop them off anywhere else within the boundaries of the program. It is intended as a "last mile" solution to help riders get from within their neighborhood to a major transit hub.

LA Now currently services an area spanning from Venice to the edge of the SORO boundaries, at Robertson and National. Because the program does not extend into the SORO boundaries, if a SORO resident or visitor requests a ride, even if they are one block outside the LA Now boundaries, they will not be picked up by the service.

However, SORO is accessible to several major transit hubs within its boundaries and on its edges. This includes the La Cienega transit corridor, and the Culver City and Palms stations of the Expo line. The addition of the Purple line extension nearby will increase these adjacent hubs. Providing SORO residents with a fast, affordable method for accessing these major transportation hubs is vital to the City's future transportation planning.

A trial expansion into SORO would potentially provide more access to these transit hubs. Additionally, a trial expansion would allow the City to test if it is a sufficiently used service in SORO to justify the costs of running the service in SORO.

Sincerely,

Michael Lynn

Motion for the SORO NC to move the community reports section to after New Business as it appears on the agenda of the General Board Meeting.

Agenda Item: GB042723-06

Motion for the SORO NC to a write letter to the LA City assigned Planner supporting proposed Memory Care Facility with a variable reduced side yard at 1502 Robertson Blvd in Los Angeles

Agenda Item: GB042723-08
Date: April 27, 2023
Proposed By: Land Use Committee
Include motion in Consent Agenda? Yes

Background

The Applicant & Owner Robertson Cashio, LLC of 1502 Robertson Blvd has proposed the construction, use & maintenance of a new 2-story 19,921sf 40-room Memory Care Facility for Alzheimer's / Dementia care. The proposed height is 44'-8" and there will be one level of subterranean level with space for 15 vehicles and 9 bicycles along with a preparation Kitchen. The entire development is "By-Right" and under the allowable heights and density for the location. The Site's current use is a gas station.

During the Planning review the Applicant became aware there was a Mobility Plan stipulation to allow for widening Cashio St in the future which required a 3ft street dedication. The Applicant is complying with the Street Dedication. The proposed building layout on Cashio St. varies to create interest on the facade and side landscaping. Due to the dedication the proposed Memory Care Facility needs to request a Zoning Administrator's Adjustment to allow (adjust) the side yard to let it be 0- to 5 feet in lieu of the otherwise required 5 feet along Cashio Street.

The Applicant representative presented the proposed project to the Land Use Committee on 3/9/23 and we unanimously agreed the request a Zoning Administrator's Adjustment would not impede mobility on Cashio St. and would be an asset SORONC.

Proposed Motion

- I. Motion for the SORO NC to a write letter to the LA City assigned Planner supporting proposed Memory Care Facility requiring a Zoning Administrator Adjustment to to allow (adjust) the side yard to let it be 0- to 5 feet in lieu of the otherwise required 5 feet along Cashio Street at 1502 Robertson Blvd in Los Angeles.

RE: Case # ZA-2022-7877-CAA

Dear L Michelle Carter, LA City Planner

The South Robertson Neighborhoods Council (SORO NC) General Board supports the proposed Memory Care Facility by Robertson Cashio, LLC at 1502 S. Robertson Blvd in Los Angeles 90035. Memory Care facilities are needed use in the community.

Earlier this month the Owner's representative Mathew Hayden presented the proposed project to our Land Use Committee and they unanimously supported the request for the Zoning Administrator Adjustment to allow (adjust) the side yard to let it be 0 to 5 ft. in lieu of the otherwise required 5 feet along Cashio Street. We agree it is best the Owner comply with the Mobility Plan and therefore grant the 3 foot street dedication to the City at the north side yard along Cashio St.

We look forward to a smooth construction process and successful opening of this need Memory Care Facility.

Yours, on behalf of the South Robertson Neighborhoods Council General Board

Motion for the SORO NC to a write letter to the LA City assigned Planner supporting proposed new Automated Car Wash Tunnel at the existing Mobil gas station 2305 La Cienega Blvd in Los Angeles

Background

The Architect, Owner Representative and Mobil Gas Station Manager presented the proposed project to the Land Use Committee on 4/4/23. Their presentation was very clear and well received. The proposed 'automated car wash tunnel' and 5 car line up fit along the rear (west) property line. The required 10 parking spaces to vacuum cars and for the existing mini market will be provided by removing 6 of the 14 existing gas pumping stations to the south of the mini market and close to the exit of the proposed car wash tunnel. One of the parking space will have EV hook-up. The east facade of the Car Wash tunnel is taller & thicker than required to buffer sound from the multi-residential neighbors to the west.

The Land Use Committee unanimously agreed to support the requested Conditional Use permit (ZA2022-7309-CU). The proposed water saving Car Wash tunnel and removal of existing gas pumps are positive environmental improvements to the SORO neighborhood.

Proposed Motion

- I. Motion for the SORO NC to a write letter to the LA City assigned Planner supporting the Conditional Use permit (ZA2022-7309-CU) to add an 'Automated Car Wash Tunnel' to the existing Mobil gas station at 2305 La Cienega Blvd. in Los Angeles

RE Case #: ZA2022-7309-CU

Dear More Song, Los Angeles City Planner

The South Robertson Neighborhoods Council (SORO NC) General Board supports the proposed 'new automated car wash tunnel' and site modifications at the existing Mobil gas station at 2305 La Cienega Blvd. in Los Angeles.

The Architect, Owner's Representative and Mobil Gas Station Manager presented the proposed project to the Land Use Committee on 4/4/23 and they unanimously supported the request. This proposed project has been well planned for its location. It does not add new driveway cuts on the adjacent busy streets. It proposes environmental water saving option to quickly wash cars. The 'new automated car wash tunnel's' east facade design includes sound mitigation measures to reduce vacuum noises from the residential neighborhood to the west.

Yours, on behalf of the South Robertson Neighborhoods Council General Board

Motion for the South Robertson Neighborhoods Council to Approve up to \$12,000 for a Radar Trailer for use by LAPD in the SORO NC Area.

Agenda Item:

Date: GB042723-12

Proposed By: April 27, 2023

Include motion in Consent Agenda? Public Safety
Yes

Background

The South Robertson Neighborhoods Council Public Safety Committee discussed ways to improve safety for the South Robertson area. Many issues were discussed, but one of the main issues discussed was traffic and pedestrian safety. Speeding and excessive cut through traffic that does not follow traffic laws are the main reasons for collisions in the area. Motor traffic officer are unavailable for enforcement. Having the LAPD Senior Lead Officers deploying a speed, radar trailer to monitor and to remind driver's that they are speeding could reduce speeding and possible collisions. The radar trailers also collect speeding data, traffic flow, and real time analytics that could be used to help request a need for motor traffic officers or other traffic improvements for the safety of the community.

Proposed Motion

The South Robertson Neighborhoods Council (SORO NC) moves to approve up to \$12,000 for a radar trailer for use by LAPD in the SORO NC Area.

Background

The Los Angeles City Council has not been expanded since 1925 when it was increased up to 15 districts, with the City population of just under 1 million residents. As of 2020, the population has increased to 3.9 million people and still only has 15 districts (each represent approximately 250-300 thousand people.)

Due to the greater-than-usual turnover in the City Council's members, the Los Angeles Coalition of Neighborhood Councils (LANNC) has passed a motion to recommend all NCs to request that City Council explore and discuss the process of expanding the number of Council Districts.

Background

SB411 is legislation originated by CA Senator Anthony Portantino as an act to add Section 54953.4 to the Government Code (Brown Act), which makes provision for advisory bodies such as Neighborhood Councils to have the option to meet virtually.

SB411 has passed the Senate Governance and Finance Committee and is pending in the Senate Judiciary Committee. Once passed by the CA Senate, it will move to the CA Assembly. If passed in that chamber, it will go into effect immediately upon the signature of the Governor of California.

Proposed Motion

Motion for the SORO NC to request Councilmembers Hutt and Yaroslavsky to write a letter of support for SB 411 (which will provide NCs the flexibility to have virtual meetings) to the members of the California Senate Judiciary Committee.
